Developments in Literacy
Transforming Lives Through Education

2nd Quarterly Report
April to June 2026

DIL Secondary School, Lal Shahbaz Nagar J12

Overview

The quarter began with Result Day, followed by the start of the new academic session and the completion of new admissions. Throughout the quarter, students actively participated in academic, co-curricular, and awareness-based activities that supported their overall development. Activities including Earth Day, Labor Day, Mother's Day, Cultural Diversity Day, No Tobacco Day, the Malaria Awareness Campaign, and Sports Day helped develop students' creativity, confidence, communication skills, teamwork, and sense of social responsibility. PTA and SRC meetings were conducted to discuss students' academic progress, attendance, discipline, cleanliness, and well-being. A Career Guidance Session was also organized for pass-out students. In addition, students regularly used the AI Tutor platform to strengthen their learning. Overall, the quarter was productive and provided valuable learning opportunities that contributed to students' academic and personal growth.

Project Base Learning

Topic: Health Day (Healthy Eating and Habits)
Date: 6th April 2026 to 10th April 2026
Grade: Students of Grade II (100%)

In April 2026, Grade 2 students actively participated in a Healthy Food activity week. The purpose of the activity was to develop students' awareness of healthy eating and healthy habits. During the activity, students gathered information about healthy habits from their parents, teachers, and friends. They researched healthy foods and their benefits using laptops and books, presented their findings through flashcards and role-play, and brought healthy food items from home to explain their nutritional value. They also worked together to prepare a healthy egg sandwich, learned about its benefits, and shared it with their classmates. Overall, the activity was enjoyable and educational, helping students understand the importance of making healthy food choices and adopting healthy habits.

Co-curricular and Extracurricular Activities

New Admissions and Academic Session: During this period, the admission process for new students was completed, and all admissions were finalized. The school warmly welcomed the newly enrolled students and ensured their smooth transition into the learning environment. The new academic session commenced on 7th April 2026, and students began their academic journey with enthusiasm. Various classroom and educational activities were also initiated to support their academic and overall development.

Career Guidance Session:

On 16th April 2026, a Career Guidance Session was conducted for the 2024 pass-out students to provide guidance regarding their future academic and career opportunities. The session was led by the Alumni Coordinator, Maryam, who shared information about career options, higher education, and skill development. Students also had the opportunity to ask questions and receive guidance. Overall, the session was informative and beneficial, helping students make better decisions about their future.

Earth Day:

On 27th April 2026**,** Earth Day was celebrated by the students of Grade VII to raise awareness about protecting the Earth and maintaining a clean environment. Students participated in activities such as painting the Earth, creating handprints, researching environmental conservation, and sharing ideas on protecting nature. The activity enhanced their environmental awareness, creativity, research, communication, and teamwork skills, making it an engaging and meaningful learning experience.

Mother's Day:

On 8th May 2026, Mother's Day was celebrated with great enthusiasm in the school. The students of Grade 5 expressed their love and appreciation for their mothers by creating beautiful handmade cards with heartfelt messages. At the same time, the ECCE students participated in various Mother's Day-themed art and painting activities, showcasing their creativity and affection for their mothers. These activities provided students with an opportunity to recognize the love, care, and sacrifices of their mothers while developing their artistic and creative skills. Overall, the celebration was joyful and meaningful, helping students' express gratitude and strengthen family values.

Labor Day:

On 30th April, a Labor Day activity was conducted to help students understand the importance and dignity of labor. Students prepared handmade cards and presented them to workers in the school and community as a gesture of appreciation for their hard work and valuable contributions to society. Through this activity, students learned to respect and value the efforts of laborers while developing empathy, gratitude, and sense of social responsibility. The activity also enhanced their creativity and communication skills.

a

Cultural Diversity Day:

On 21st May 2026**,** the students of Grade 8 celebrated Cultural Diversity Day with great enthusiasm. The event included PowerPoint (PPT) presentations and a cultural dance performance, where students showcased the traditions, clothing, food, and culture of Pakistan's four provinces. The activity promoted awareness of cultural diversity, strengthened students' confidence and presentation skills, and fostered a sense of unity, national pride, and respect for the country's rich heritage, it was a vibrant and educational experience for all students.

Sports Day:

On 22 May,30 students of Grades 2, 3, 4 and 5 participated in a sports activity with great enthusiasm. They actively engaged in various activities such as throwing, catching, running, and chain games, which helped enhance their stamina, flexibility, coordination, and teamwork skills. The students thoroughly enjoyed the games and activities organized by their teachers. They remained highly active, energetic, and productive throughout the session. Overall, the activity was a valuable learning experience that promoted physical fitness, cooperation, and enjoyment among the students.

PARENT SUPPORT

PTA

During this quarter, one PTA meeting was conducted on 22nd May 2026 to discuss important academic matters. The meeting focused on students' monthly assessment performance, their overall progress, and areas requiring improvement. Parents were informed about their children's achievements and learning needs. In addition, the remaining seats for new admissions were discussed. PTA members and school staff worked together to strengthen parent-school collaboration and support students' academic development.

PTM:

- 4th April 2026**:** A PTM was held with the parents of newly admitted students to introduce DIL's mission, vision, policies, and school rules.
- 14th April 2026**:** A PTM was conducted with Nursery parents to discuss attendance, discipline, cleanliness, and school expectations.
- 16th April 2026**:** A PTM was held with the parents of Grade 9 students to explain the student transfer process and related requirements.

- A final PTM was conducted to share important school updates and inform parents about students who had been transferred to other schools.

STUDENT SUPPORT:

Hifza, a Grade 8 student, is a hardworking, disciplined, and confident learner who actively participates in both academic and co-curricular activities. She has shown significant improvement during the current academic year, particularly in Science and Mathematics, where she demonstrates strong understanding and problem-solving skills. Her English writing is clear, well-organized, and grammatically accurate. In addition to her academic achievements, Hifza enjoys participating in debates, art competitions, and sports. Her dedication, positive attitude, and willingness to learn make her a valued member of her class. With strong communication skills and a passion for learning, Hifza aspires to build a successful career and become a positive role model for her community.

Future Goals:

- Improve student attendance and punctuality, with special attention to students who arrive late, by encouraging them to attend school regularly and on time.
- Encourage students to keep their classrooms and the school environment clean to develop responsibility and good habits.
- Arrange extra classes and group learning activities for students who need additional academic support to improve their performance.

Good Practice/Achievements:

- It was highlighted that the AI Tutor is being used by students on a daily basis to support their learning and improve their academic understanding.
